

Dennis joined the RCMP in Ottawa in 1993. Upon graduation from Depot, he was posted to "J" Div - Tracadie NB (1994-1997) followed by Petitcodiac (1997-2004). In 2004, Dennis was transferred to Ottawa "NHQ" - General Duty Protective Policing (2004-2007) followed by "A" Div - Financial Integrity (2007-2012) and Sensitive and International Investigations (2012-2014).

Throughout Dennis's time in New Brunswick and Ottawa, he has challenged management in defense and advocacy roles for the general membership and in 2014, he ran and was elected and endorsed by an extremely strong majority of the electorate for National Division SRR.

Dennis ran for the SRR position with the idea of change, on a platform of collective bargaining and external arbitration. He brings extremely strong support from all areas of National Division – protective services, investigative services, support services, and patrol services.

Dennis possesses and brings many strengths in facilitating and mediating, with both individuals and groups of differing views or opinions to achieve positive common objectives.

Dennis believes he has been fortunate in that his career experiences have exposed him to a variety of RCMP policing responsibilities including contract and federal policing, protective policing, international policing, as well as numerous major events and deployments. This background provides for a solid understanding of what our members need in order to be successful in completing their daily responsibilities in a number of situations.
