## **INFORMATION FOR HONORARIA AND T4 SLIPS**

Your personal information will be required to administer monthly honoraria payments and expense reimbursements. Please note that reimbursements cannot be provided if such information is not supplied. All personal information collected will be managed in accordance with provincial and federal laws and privacy provisions.

Canada Revenue Agency (CRA) regulations state that all honoraria payments are considered taxable income under the Income Tax Act of Canada and subject to a T4A slip being issued at each calendar year-end, therefore a SIN number must be supplied.

Please complete the secure online form via the link below. Information is encrypted and can only be accessed by the Director of Finance and Chief Administrative Officer of the National Police Federation.
